*****In case of emergency or cancellation we will use the above list as a phone tree to inform all students of this change. Mr. Newell will call the first student on the list (Teasha Escobar) and ask them to call the next one down on the list. If you get an answer machine, leave a message and call the next person on the list. This process will be continued until the last person on the list (Alex Hannay) call me. Mr. VanNess will call the first student on the list (Virginia Glover) and ask them to call the next one down on the list. If you get an answer machine, leave a message and call the next person on the list. This process will be continued until the last person on the list (Jordan Peterson) call me. This will ensure that everyone on the list has been called and notified of any changes.
