

## MISSION STATEMENT

Our mission is to inspire all students to be respectful, responsible, and ready to learn. With this in mind, the Eureka Middle School PTO is focused on increasing volunteerism within our middle school and function as a catalyst to advance the needs of the middle school through improvement projects.

## GOALS

Currently, the PTO is working on the following goals: schedule parents to support fifth through eighth grade students with tutoring during lunch recess, improve the quality of our middle school playground, and aid in the establishment of a parent resource center.

## ACCOMPLISHMENTS

Our first fundraiser, "Box Seats" at the Homecoming game, was a huge success earning about \$370.00. Two lucky couples enjoyed a gourmet dinner hosted by the PTO members. Students are also benefiting from the daily volunteerism during noon tutoring. We also hosted an information table during parent teacher conferences.

## UP AND COMING

We are beginning work on plans to improve our middle school playground and launch a parent resource center. In January, students will begin selling **Lion Cards**, which kick off our second fundraiser of the year. Thanks to all the businesses who graciously signed up to make this happen.
